DESCRIPTION OF JOB:

Clinical faculty are responsible for planning, implementing and the evaluating of assigned student learning experiences in the clinical setting in the traditional and/or post baccalaureate undergraduate nursing program(s). We currently have several open positions for faculty with expertise in one of the following areas: maternal-child, psychosocial/behavioral health, and public health experience. The clinical faculty work in collaboration with the corresponding theory course instructor(s). Formal mentoring support is provided for new faculty along with significant faculty development resources.

JOB QUALIFICATIONS

Necessary Education or Work Experience:

• Minimum of Master of Science in a nursing degree
• Current license to practice as a registered nurse in the state of Wisconsin.
• At least two years of full-time or equivalent direct care experience in nursing.
• Previous teaching experience (clinical/didactic) preferred.

PHYSICAL DEMANDS AND WORK ENVIRONMENT

The physical demands and work environment characteristics described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Other Qualifications:

Demonstrate multicultural competence – the awareness, knowledge, and skills needed to work with others who are culturally different from self in meaningful, relevant, and productive ways.

The candidate must actively support the mission of the college by working with faculty, staff and students to share in our core values - truth, compassion, justice, partnership, and community.
